the concrete separating? They advised yes. She let them know they had 5 kids get cut today on the lower end of the pool. She would like to know what council suggests we do. Doug feels the walls are separating away from the pool and eroding but we can't confirm that until an Engineer who specializes in pools from Indianapolis can get out here to assess it prior to doing any upgrades. Discussion held: It was decided we could either rope off the entire 3' area for now or require shoes to avoid any more injuries. In the meantime, everyone can think of some creative temporary fixes.
